## Non-standard Class Descriptions:

These classes are scored pursuant to the provisions of Chapters 6 & 7 of the USDAA Rules & Regulations

Gamblers Class: consists of a course with no pre-determined route and each obstacle is assigned a point value. In the 'opening' period the handler seeks to accumulate points by performing the obstacles of his / her choice in the time allotted. At the conclusion of the 'opening' the handler attempts the 'gamble', as a sequence designated by the judge to be handled from a distance, for additional points.

Jumpers Class: consists of a course of jumps and may include a tire and tunnels.

Snooker Class: has an 'opening' sequence of point collection similar to the Gamblers followed by a closing sequence of a set pattern. Roughly parallels the billiards game of 'Snooker', requiring the dog to successfully complete a 'red' jump prior to attempting an obstacle designated as any other color.

Pairs Relay: consists of a standard course with one dog and handler running a portion of the course, followed by a baton exchange to a second handler and dog who run the second portion of the course. Partners must be in the same level and same height division, mini or open. In the event only one dog is entered in the program/level, un-entered dogs or dogs from other programs may NOT be recruited to form a qualifying pair.

Any additional rules will be described by the judge during the briefing. Dogs can be paired in either of the two divisions (Mini or Open) as defined as follows:

<b>MINI</b>	<b>OPEN</b>
8" - Performance	16" - Performance
12"-Performance	22" - Performance
12"- Championship	22" - Championship
16"- Championship	26" - Championship
